## **Product Description**

## **Product Description**

HONEYWELL MU-KBFT01 80366198-100 CONTROLLER INPUT/OUTPUT MODULE

## **Technical Application**

The C300 controller provides the means to overcome the increasing complexity of control systems, reduce Cyber risks and significantly improves the operational and lifecycle support aspects for control systems, as it offers:

Robust and scalable Control Platform for a wide range of control applications addressing the most demanding process control requirements;

A new paradigm for process control with IO & Control HIVE enabling maximum flexibility, scalability, standardization, optimization, and resiliency;

Best-in-class security ensuring safe and secure operations;

Facilitates modular and parallel project execution;

Maximized process uptime and minimized maintenance effort with robust diagnostics and innovative redundancy schemes; Improved engineering productivity and maintenance using the rich function libraries provided in the intuitive user environment Seamless; integration of smart field devices and controllers via standard protocols.
